In a futuristic world of the late 21st century, an ageing woman and her girlfriends decide to share the same man.

Millions of men have renounced relationships in favour of robots. But most women still crave relationships with real humans.

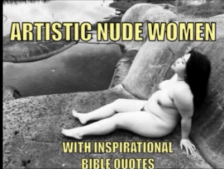

Meet Angelique: her friends think she's nuts - and they're not far wrong. She decides to share her man with her best friend. Then her best friend meets a sensual woman in her 70s, with a fetish for domination. What ensues is a crazy series of adventures (and misadventures). It all escalates when Angelique meets a shy, submissive woman who wants to break out of her shell - someone who can become her slave.

Introduction

In today's world, women are often judged by their appearance, but don't live up to the popular 'beauty'. Such judgments cause stress and anxiety to those unable to reach the unreachable. Suicide, self-harm, depression, relationship breakdowns and other problems harm millions living under these fake standards and socially constructed expectations of women and girls. Even the popular supermodels do *not* live up to their own standards. Their own faces are a mask of fake makeup and cosmetics that hides their real, natural beauty. Let's learn to appreciate all kinds of women for who they are and their diverse loveliness.
